The Faculty of Accounting and Management Information Systems of the Bucharest University of Economic Studies, Romania is organizing the

**15<sup>th</sup> edition of the International Conference  
Accounting and Management Information Systems (AMIS 2020)  
on 30 September – 1 October 2020  
in a fully virtual format**

Papers are invited in the broad areas of financial accounting, managerial accounting, accounting education, auditing, financial analysis, management information systems, and business law. Authors are invited to submit theoretical and empirical contributions. All submissions will be double-blind refereed by an international scientific panel.

### **Format**

Given the current exceptional circumstances impacting the world, and to help colleagues who wish to have their research presented at quality international events, the AMIS 2020 conference will be held entirely online. Nevertheless, some costs are incurred for the organization of the conference, particularly related to the setting up and maintenance of the conference website, producing the conference proceedings and the managing of the logistics of the various online events. As such, a special conference fee of **€25 will be charged per accepted paper**, regardless the authorship base or composition (single or multiple co-authorship, PhD degree or not, or nationality).

### **Submission details**

In order to be considered for the conference, intending authors are invited to only submit full papers in English by **26 July 2020** via the online submission system of the Conference. Abstracts will not be considered. The outcome of the review process will be communicated to authors by **16 August 2020**. Conference participants should register for the conference before **6 September 2020**. Early registrations are possible and encouraged. Further information will be available on [www.amis.ase.ro](http://www.amis.ase.ro) as soon as possible.

### **Conference proceedings**

Electronic conference proceedings, containing only the papers presented during the conference, will be submitted to Clarivate Analytics (formerly ISI Thomson Reuters) for evaluation for inclusion in the Conference Proceedings Citation Index after the conference. Proceedings of prior editions since 2010 have been accepted for inclusion. Exclusion of presented papers from the prepared conference proceedings is possible, upon author request.

### **Publication outlet**

An option for fast-track review will be given to intending authors at the *Journal of Accounting and Management Information Systems* (JAMIS). JAMIS is covered and indexed in prestigious international databases and catalogues such as EBSCO and ProQuest, and in various national and university rankings (in France, Poland or Italy). For details regarding the Journal please see [www.jamis.ase.ro](http://www.jamis.ase.ro).
